Osaka Blue Ocean Vision
G20 Implementation Framework for Actions on Marine Plastic Litter

Ministry of the Environment, Japan
At the Third meeting of Ad hoc open-ended expert group on Marine Litter and Microplastics
Bangkok, 18–22 November 2019
39. a common global vision, the “Osaka Blue Ocean Vision” that we aim to reduce additional pollution by marine plastic litter to zero by 2050 through a comprehensive life-cycle approach that includes reducing the discharge of mismanaged plastic litter by improved waste management and innovative solutions while recognizing the important role of plastics for society. We also endorse the G20 Implementation Framework for Actions on Marine Plastic Litter.
G20 Implementation Framework for Actions on Marine Plastic Litter

Voluntary actions by the G20 members

Reinforcing efforts in line with the G20 Action Plan on Marine Litter

Information sharing and continued updating
Outcomes of G20 RE Dialogue 2019 and Follow-up of G20 Implementation Framework on MPL

- Prepared G20 Report on Actions against MPL, based on information provided from G20 members, for initial information sharing and peer learning
- Developed a Roadmap for G20 Resource Efficiency Dialogue
- Joint initiatives of MOEJ, EU DG Environment and USEPA to voluntarily take a lead in further elaborating key issues by holding workshops.
- Contribution of relevant international organizations

8-11th October 2019, Tokyo/Japan
Organizers: MOEJ (METI, UNU-IAS, IGES)
Participants: G20 and Outreach countries
International Organizations, Academia (app. 100 participants)
G20 Report on Actions against Marine Plastic Litter
